

WHY serve on a committee?

Your career is calling...serving on a committee allows you to see how the Organization works, and gives you the opportunity to make the decisions and choices that better, not only your own business, but those of your entire industry.

Any Heartland member may serve on a committee. For as little a commitment as one hour a month, you will boost your reputation and recognition within the Organization, and beyond. Networking possibilities are as open as you are willing to be available. Gain the ability to professionally recommend affiliate members or to refer REALTOR® members in areas that you are not familiar with. As a committee member, your input makes an impact. The discussions and decisions made by the committees are taken to the Board of Directors and ultimately determine the direction your Organization is headed!

YOU have something to offer!

You may visit many of the committees listed in this brochure. Contact Heartland for committee meeting dates & times at 815-459-0600 or info@HeartlandRO.com.
